Arihant Infotech

<http://www.arihantinfo.com/>

Being a professionally managed organization, we wholesale, supply and export a variety of premium quality mechanical products, computer systems, and hardware & related accessories. Our range is known for its reliability and high performance.

About Us

We, "**Arihant Infotech**", established in the year **2001**, are counted as one of the most celebrated wholesaler, trader, supplier, service provider, exporter and importer of **Second Hand Computer, Used Desktops, and Computer Hardware** related accessories. In addition to these, we also provide our clients Networking and Server & Storage Products and Services. Clients highly applaud our products for their superior quality, easy installation, high performance, long-lasting nature and less maintenance. We trade our products with the following brand names such as HP, Lenovo, Dell, Sun, Cisco, Wipro, Acer, Super Micro.

Our organization has gained high reputation as a market leading Electronics Waste Recycling organization in the global market. We are associated with numerous clients of numerous areas such as OEMs, CEMs, repair & servicing companies, logistics providers, electronics waste brokers, local authorities and national environmental agencies. Being a responsible waste recycling organization, we understand the complexity & severity of environmental legislation that our clients face. We render our clients a package of services including Physical Recycling of Goods, Advice on Legislation and Environmental Reporting on Waste Disposal to Total Waste Management. We export our products in the following countries like China, Dubai, Singapore, US.

"Mr. Bhavesh Vora", the owner of our organization is...
